

SPECIAL NOTICES.

MR. W. MILLER SAYS:

Pittsburg, September 4, 1866.
Messrs. Hostetter & Smith,
Pittsburg, Pa.
Gents, I think I am only doing the part of a good citizen when I testify to the great benefits received by me from the use of your Stomach Bitters during the last five years. Suffering for a time in the oil regions, in 1861, I had a severe bilious attack, which, in connection with dyspepsia, left me in a very weak condition. I was advised to try your Bitters, and having procured a bottle, found that they worked like a charm upon me, eight pounds being lost in weight, and eight pounds in the space of one week, and new life seemed to have been infused into my system, so much so that I have been induced to use them every summer since that time. As a tonic, I think they are invaluable. This summer, having had a similar attack (and, as before, much reduced), although under the treatment of an A. No. 1 physician, I was again obliged to have recourse to the old Bitters, and with the same good result, having gained six pounds within a few days. I purchased a half dozen bottles a few weeks since, and purpose to use them regularly as a tonic. Wishing you every success, I remain Yours gratefully,
WILLIAM MILLER.

CITY NEWS.

AN EXCITING CONTEST.—Haight & Chambers' will, to-night, give a prize of valuable silver plate, pitcher, salver, &c., &c., to the man that makes a race of eight times around the ring in their amphitheatre. Two men will be selected from each fire company, and the men will run against time. A most exciting time is expected. Of course, everybody will go to see it, and take his family.

CLEANING UP.—We are glad to note that the work of cleaning up the city has been commenced. The mud on Main Street from Second to Eighth has been scraped into heaps, and a large portion of it hauled off. Many of the alleys are full of ashes and other debris and filth. The owners of property would do well to have all such things removed from the back of their premises, as the city authorities, we are pleased to learn, are determined to put the city in a thoroughly sanitary condition before the time for epidemic diseases to set in. That time is close at hand. Set about the work at once.

HORSE FAIR.—The people of Henderson County, Ky., propose holding a grand Horse Fair at the Henderson Fair Grounds, commencing on the 30th of May, to continue three or four days, and to be open to the surrounding country.

There is in this section of Indiana and in the regions of Kentucky adjacent, a great deal of very fine stock, and if sufficient spirit is manifested a very grand display and a highly interesting time may be had upon that occasion.

CIRCUIT COURT.—The grand jury yesterday returned a considerable number of indictments—for adultery, keeping gaming houses, suffering gaming, larceny, &c. Several unfortunate liquor dealers paid fines into the exchequer of Vanderburgh County.

Considerable civil business was disposed of, but no cases of especial interest were tried.

Henry Morris was granted a divorce from Jane Morris, alias Jane Coulter, on the ground of her being a common prostitute.

The grand jury have about closed up their business, and will probably adjourn to-morrow.

CORRECTION.—We stated yesterday that nothing had been done by the committee of the First Ward in collecting money for the Southern Relief Fund. We were so informed by one who ought to know; but we are pleased to learn that Mr. Albert Steinbach, a member of the committee, made a prompt and thorough canvass of the portion of territory allotted to him, and has paid over to the treasurer of the fund over \$100. Mr. Steinbach gives us some interesting accounts of receptions given him by certain gentlemen, which would go to substantiate the statements made by our evening cotemporary on this subject, but it is rather a delicate matter upon which to make contrasts of liberality, and we omit them at present.

THE CIRCUS LINGERS.—By a singular accident, or rather malicious trespass, Haight & Chambers' Circus is detained here for two days. After they had moved down their stock on Monday night, a fire was started under the boilers of the steamer Coosa, on which they travel, but no steam was generated. Upon examination it turned out that some malicious fellow had quietly let all the water out of the boiler, and the result was that the boilers were badly burned, and the Circus was compelled to stay over. Making a virtue of necessity, they issued "dodgers," and had a most successful exhibition yesterday and last night, and will give two more exhibitions at 11 and 7 P.M. to-day. This company improves upon acquaintance. Everybody will have an opportunity to see this colossal institution to-day and to-night.

VINCENNES PRIMARY ELECTION.—The Democrats of Vincennes held a primary election for candidates for city officials. Jas. S. Mayes, H. V. Somes, present Mayor, and George E. Greene, editor of the Sun, were candidates for Mayor. Greene received a majority of ten votes, and will be the Democratic candidate. Jerry Donovan received 175 majority for City Marshal, and Chas. G. Matheson received 110 majority for City Clerk. I. N. Easham had no opposition for City Treasurer.

TEARING DOWN.—Workmen are now engaged in tearing down a portion of the foundation of the new Opera House. The cause of this retrograde movement was the fear that the foundation was not sufficiently solid to bear the weight of the massive structure that is designed to be built upon it. The inverted arches were found to have been very imperfectly constructed. Reliable men have now taken the work in hand, and a sure foundation will be laid, and the building will be pushed forward with all possible dispatch.

CHURCH SOCIABLE.—The closing entertainment given by the excellent ladies of the Walnut Street Presbyterian Church last night was a crowning success in every particular. The assemblage was unusually large, and the receipts were much larger than on any previous evening. The refreshments were sumptuous, elegant, and abundant, a fitting finale to the series of delightful entertainments given by those ladies during the past few months. But the most agreeable feature of the affair was the manifest desire on the part of all to be pleasant, and have others feel so also. We really regret that the season is so far advanced as to render it necessary to suspend these delightful, and we hope, profitable reunions for a season, and shall look forward with pleasant anticipations for the return of Winter.

RECORDER'S COURT.—Wm. Hobbs was brought before the Recorder yesterday, on the charge of keeping a house of ill-fame, an assignation house, and for harboring prostitutes. The defendant entered a plea of not guilty, and demanded a jury. The evidence developed a state of morals about the premises of sweet William by no means creditable to the city of Evansville, and revealed some secrets that it would not gratify certain parties to have made public. The jury found the defendant guilty, and affixed his fine at the enormous sum of \$10 and cost, amounting to \$10.90 more. The evidence, in the estimation of the Court, would have justified a verdict far more heavy. Hobbs proposes an appeal to a higher Court if he can find a friend to go or his bond, else to replevy the fine for ninety days. It is not the first time he has appeared in the Recorder's Court. Warrants were issued against two loose women who were found tight in the streets. They will have a hearing to-day.

THAT RADICAL GRAND JURY.—In order that the people of this community may know the character of the men who compose the present grand jury—which a city cotemporary designates a "Radical grand jury," and who, it insinuates, violated their oaths as jurors by finding bills with "partiality and favor"—we republish their names, as follows: S. E. Gilbert, Herman Fendrich, H. C. Gwathmey, Samuel Orr, P. C. Decker, John Nightingale, Alexander Maddox, Marcus Sherwood of Pigeon Township, John Murfett of Scott, G. W. Finch of Armstrong, Joseph Woodruff of Perry, and J. T. Farquhar of German. G. W. Finch is foreman of the grand jury; and he and Herman Fendrich, without

whose consent no bills could be returned, will be recognized by their acquaintances as particularly Radical.

It will be remembered that Judge Parrett paid a high compliment to the character and social position of the Grand Jurors in his charge when empanelling them, and he privately remarked afterward, to our certain knowledge, that he never saw a better grand jury, but perhaps he is not a good judge.

A SINGULAR OCCURRENCE.—We had related to us on Monday the following singular story. We have delayed giving publicity to it in order that something might develop itself to corroborate the story. Our informant says that early on Monday morning a man called at his door on the other side of the river, and asked for breakfast. Upon being asked where he had stayed the night before, he replied that he had slept in the barn. That he had got into a difficulty on Sunday in the vicinity of the Crescent City Springs, and supposed that he had killed two men. He said he had been out hunting, and meeting two men near the place above mentioned, had been insulted. He resented the insult, when the men rushed upon him, preventing him from shooting, as he attempted to do, and one of them shot him, the ball taking effect in his side. He said he clubbed his gun and knocked the men down, breaking his gun, and he thought he had killed one or both of the men.

He says a negro took him across the river about 8 o'clock Sunday night, and fearing he might be pursued, he preferred to sleep in the barn. He took off his vest, as our informant says, to show the wound he had received, and as the two were pressing the wound, the ball dropped out. The ball had, it appeared, passed through one or two packages in his pocket which prevented it from inflicting more serious injury. We have made inquiry, but can hear of no difficulty having occurred at the time and place indicated, and are inclined to believe our informant has been imposed upon. The affair is a very singular one, to say the least of it.

THE AGRICULTURAL CONVENTION.—The Agricultural Convention met yesterday agreeably to appointment at the Mercantile Library Rooms, and was organized by choosing John S. Hopkins, Chairman, and L. Pelham, Secretary. The following gentlemen were present: John Funk, President of the Henderson Agricultural Society; E. W. Worham, Vice President, and T. B. Cromwell, Secretary of the same Society. L. Pelham, President, and F. Belton, Secretary of the Posey County Agricultural Society. H. A. Foulks, of Knox County; John S. Hopkins, President, and Philip Hornbrook, Secretary, of the Vanderburgh Agricultural Society, and Dr. Ralston, delegate by proxy from Warrick County. Representatives of the English press of the city were also present.

The object of the Convention was to have a general exchange of views and experience, and to adopt, if possible, a uniform system of holding Agricultural Fairs. Every topic relating to fairs was brought up and discussed—such as the classification of articles, form of entries, the selection of committees, the distribution of premiums, entry fees, admission fees, amusements, permitted on the grounds, and the charges for such permission, the disposition of booths, &c., &c. Each topic was taken up and discussed freely. The books of the several societies were compared, and those of the Henderson County and Posey County societies, which are very nearly the same, were most generally approved. Discretionary premiums were disapproved. It was considered that no entrance fees should be charged on floral articles, needle-work, or table comforts.

The habit of offering premiums for lady equestrian exhibitions was discussed, and not generally approved. Family tickets were disapproved, and other matters relating to the internal economy of Fairs were arranged.

We think the Convention is likely to result in good, and we expect to see the same rules and regulations, as well as the same rates of entry fees and uniform premiums, adopted at the Fairs of the several counties represented.

The convention also agreed upon a uniform rate of rent for stalls and booths. Shows to be charged at discretion. Swings \$25 per day. Family booths, \$3. Beer booths, \$10 and up-

ward. No games, and no whisky or other alcoholic liquors, to be allowed upon the Fair grounds. The plan of our public refreshment table, as adopted at the District Fair near this city last Fall, was generally approved.

Before adjourning, the Convention informally fixed the times for holding the Fairs in the respective counties represented, as follows: Posey County, commencing on the Second Tuesday—10th of September; Henderson, October 1st; Davis, County, Kentucky, October 8th. Knox County will hold no Fair this year.

It is to be regretted that Knox and Warrick Counties were not represented. Altogether, the meeting was a very pleasant one, and highly edifying.

LAYING AROUND LOOSE.—As we went to the river, about 1 o'clock this morning, we found one man lying on the side walk, face downward, at the corner of Main and Water Street, and a little beyond, found another lying in a doorway, asleep. The first mentioned was picked up by Williams, the Night Watchman, and taken to the Kentucky Hotel.

His face was badly cut, and he said he had been made drunk, and then knocked down and robbed. He did not give his name. The other was an old customer of the Recorder's Court, who was not worth the expense of a night's lodging in jail, and he was let alone.
